

CLEARWAVE WATER SOLUTIONS

FERRO

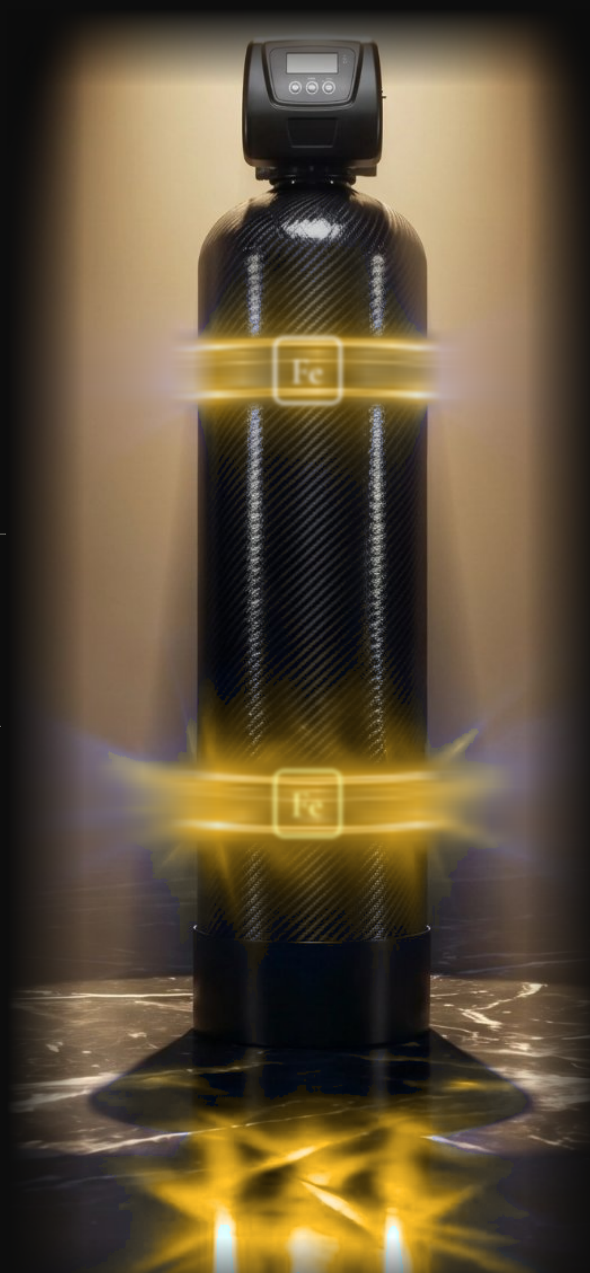

IRON & MANGANESE REMOVAL SYSTEM

Where iron ends. Water begins.

Dissolved iron and manganese are the silent culprits behind rust stains, dingy laundry, and clogged plumbing. The ClearWave Ferro removes them at the source and softens your water in the same pass. One tank. Two jobs. Clean, clear water at every faucet in your home.

KEY ADVANTAGES

- **IRON & MANGANESE REMOVAL**
Reduces dissolved (ferrous) iron and manganese up to 30 ppm before it reaches your home.
- **BUILT-IN WATER SOFTENING**
Removes hardness minerals in the same tank, so scale never gets a foothold.
- **STAIN & SCALE DEFENSE**
No more orange staining on sinks, tubs, fixtures, or laundry.
- **40% MORE EFFICIENT**
Smart metered regeneration uses far less salt and water than competing systems.
- **LONGER APPLIANCE LIFE**
Protects water heaters, dishwashers, and washing machines from iron and scale.
- **THREE TANK SIZES**
Scale from a 10 inch tank up to 12 or 13 inch as your iron levels demand.

PRECISION

PURITY

PROTECTION

PRIDE

Engineered to Eliminate Iron.

INSIDE THE FERRO

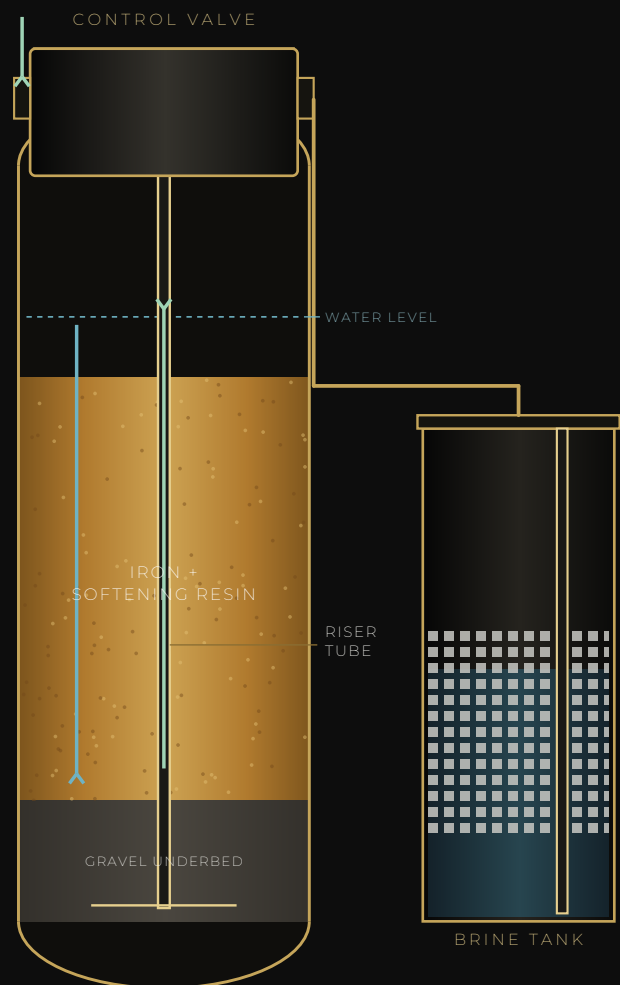

The Ferro uses a single high-capacity resin bed to do two jobs at once. As water passes through, the media pulls dissolved iron and manganese out of solution while exchanging the hardness minerals that cause scale. Iron-free, softened water flows to every tap, with no second tank and no wasted space.

HOW IT WORKS

- 01 IRON & MANGANESE CAPTURE**
Untreated well water flows down through a specialized resin that pulls dissolved iron and manganese out of solution.
- 02 SIMULTANEOUS SOFTENING**
The same bed exchanges the calcium and magnesium hardness that builds scale on pipes and appliances.
- 03 CLEAN WATER DELIVERY**
Iron-free, softened water rises through the riser tube and flows to every fixture in the home.
- 04 SMART REGENERATION**
When the bed nears capacity, the metered valve rinses it clean using a precise, minimal charge of salt and water.

THE SINGLE-TANK ADVANTAGE

- **ONE FOOTPRINT**
Iron removal and softening in a single tank. Less space, fewer parts, simpler service.
- **SMART METERED VALVE**
A fully automated control valve learns your usage and regenerates only when needed.
- **BUILT TO LAST**
Commercial-grade, corrosion-resistant components rated for years of service.

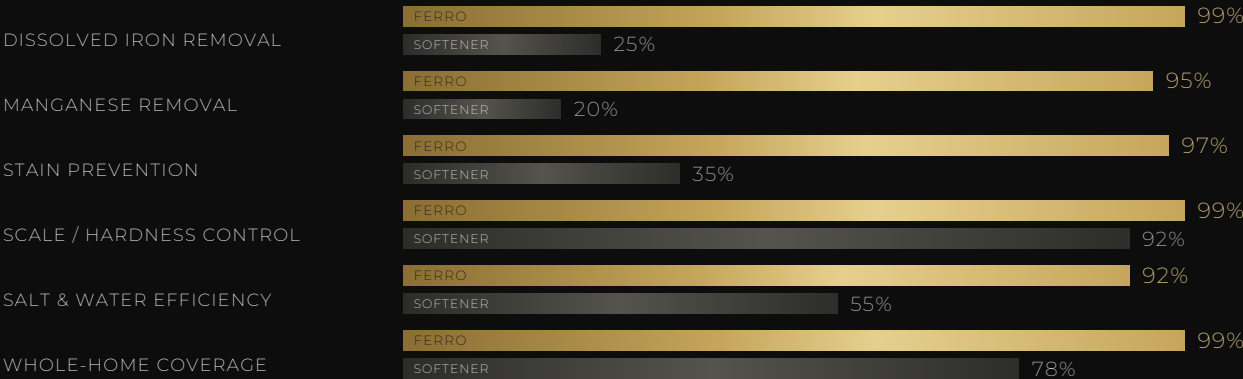

FERRO SINGLE-TANK SYSTEM . . . TECHNICAL CUTAWAY

Iron Doesn't Stand a Chance.

A standard water softener was never built to handle iron. The Ferro is. It targets dissolved iron and manganese up to 30 ppm while softening at the same time, so your water is not just soft. It is clean, clear, and stain-free.

FERRO vs. A STANDARD SOFTENER

WHAT EACH SYSTEM IS BUILT TO HANDLE

Capability comparison based on system design and typical well-water conditions. Actual results vary with water chemistry and sizing.

SYSTEM SPECIFICATIONS

	FERRO 10	FERRO 12	FERRO 13
Tank Dimensions	10" x 54"	12" x 52"	13" x 54"
Iron / Manganese	10 ppm	20 ppm	30+ ppm
Service Flow Rate	15-23 GPM	15-23 GPM	15-23 GPM
Max Hardness	30 GPG	40 GPG	50 GPG
Control Valve	Electronic Metered		
Regeneration	Demand-Initiated		

OPERATING PARAMETERS

pH Range	6.8 - 8.5
Water Temp	40 - 110 F
Iron / Manganese	up to 30 ppm
Hardness	up to 50 GPG
Chlorine	under 1.0 ppm
Copper	under 1.3 ppm

WHAT FERRO TAKES OUT

- Dissolved (Ferrous) Iron
- Manganese
- Hardness Minerals (Ca, Mg)
- Rust Staining
- Scale Buildup
- Metallic Taste & Odor

◆ TWO SYSTEMS IN ONE

Iron filter and water softener combined in one tank. You pay for one system and one footprint, not two.

◆ BUILT FOR WELL WATER

Engineered for the iron, manganese, and hardness that city softeners were never made to handle.

Protected for Life.

THE CLEARWAVE WARRANTY

TANK

Lifetime coverage on the pressure vessel. No degradation, no exceptions.

VALVE HEAD

Full coverage on the electronic metered control valve.

MEDIA

The iron-removal and softening resin is warranted for performance.

LABOR

Every service call, every repair, every maintenance visit. Covered.

WHITE-GLOVE CONCIERGE SERVICE

- Professional installation by ClearWave technicians
- Annual system health check and performance verification
- Priority same-day or next-day service response
- Dedicated account manager for all water quality needs
- Direct line to your ClearWave specialist

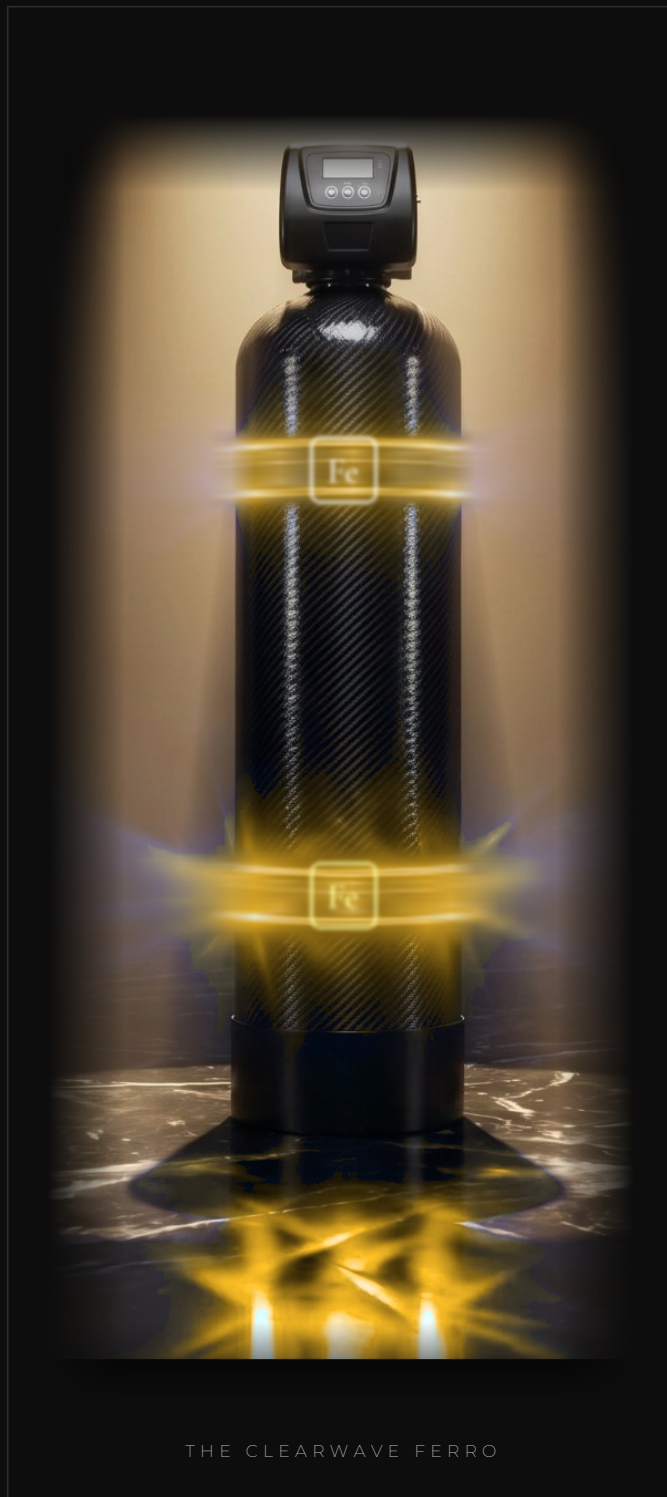

SINGLE-TANK | IRON + MANGANESE + SOFTENING

The well water system that does it all.

10 / 12 / 13 inch tanks | Metered Valve | Lifetime Warranty

VETERAN-OWNED AND OPERATED

ClearWave Water Solutions is proudly veteran-owned and operated. We bring the same discipline, precision, and commitment to excellence that defined our military service to every installation we perform. Your home deserves nothing less.
