

CLEARWAVE WATER SOLUTIONS

POSEIDON

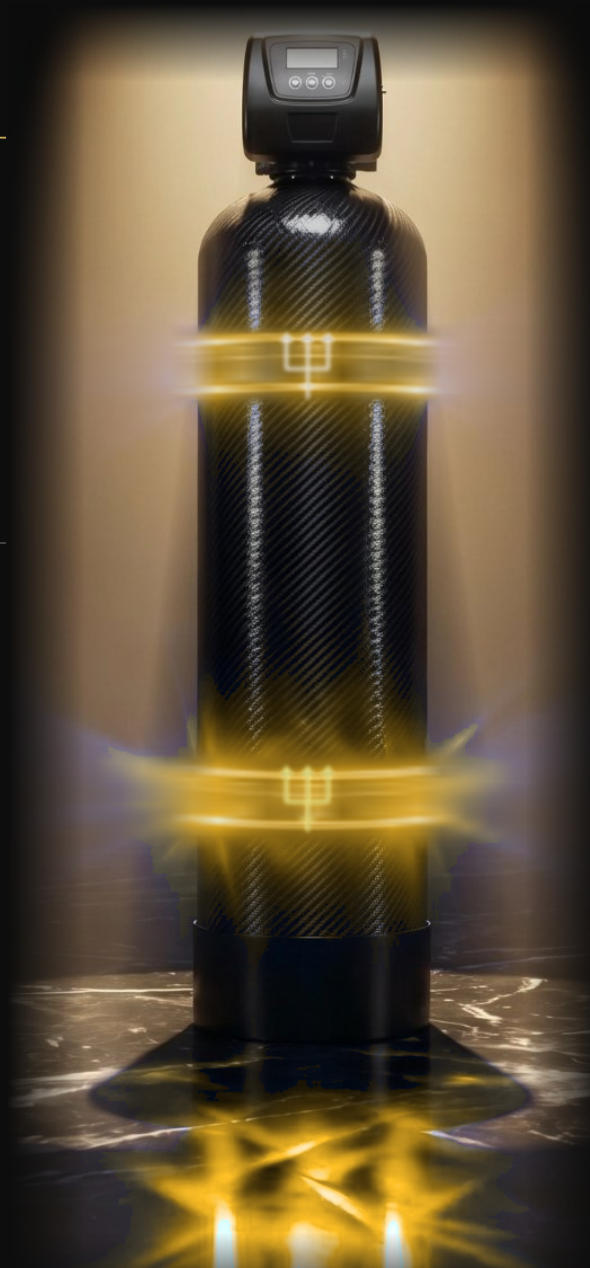

AIR-INJECTION IRON & MANGANESE FILTER

Pure water, powered by air.

Iron, manganese, and that rotten-egg sulfur smell are common well water problems, and salt alone will not fix them. The ClearWave Poseidon draws in a pocket of air to oxidize these contaminants into particles it filters right out. No salt. No chemicals. Just cleaner, clearer water through your whole home.

KEY ADVANTAGES

- **AIR-INJECTION OXIDATION**
A pocket of air oxidizes dissolved iron, manganese, and sulfur into particles the bed filters out.
- **SALT-FREE & CHEMICAL-FREE**
No salt to haul and no chemicals to add. The system cleans itself using nothing but air.
- **FERRIC + FERROUS IRON**
Removes both already-formed (ferric) and dissolved (ferrous) iron that softeners leave behind.
- **KILLS SULFUR ODOR**
Clears the rotten-egg smell of hydrogen sulfide right at the source.
- **SELF-CLEANING BACKWASH**
Automatically backwashes the bed and pulls in a fresh air charge. No upkeep from you.
- **THREE TANK SIZES**
Scale from a 10 inch tank up to 12 or 13 inch as your iron and flow demand.

PRECISION

PURITY

PROTECTION

PRIDE

The Power of Air.

The Poseidon runs on air, not salt. As water enters the tank it passes through a pocket of compressed air, where oxygen turns dissolved iron, manganese, and sulfur into solid particles. A bed of catalytic media then filters those particles out. Clean, clear, odor-free water flows to every tap.

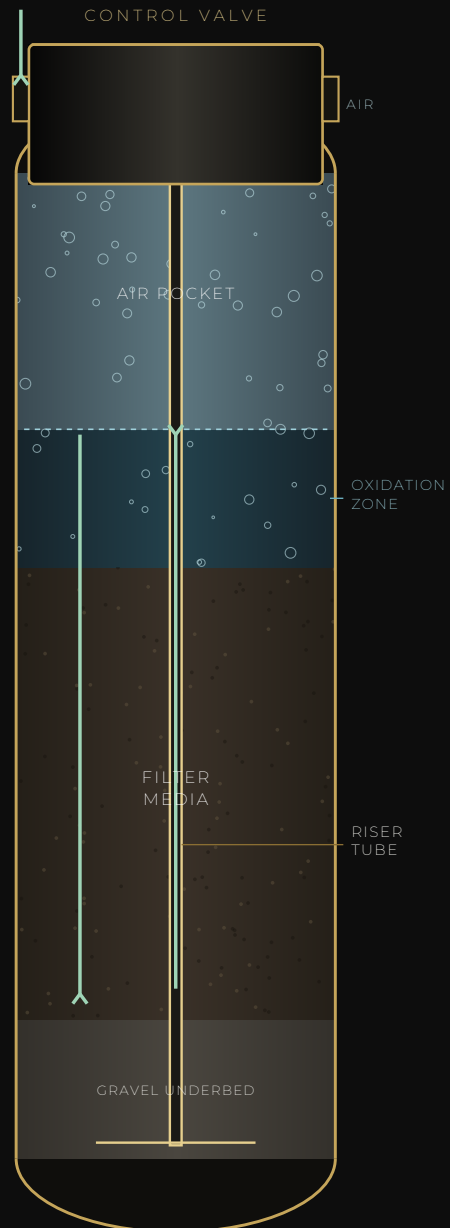

HOW IT WORKS

- 01 AIR-INJECTION OXIDATION**
Incoming water passes through a pocket of compressed air. Oxygen turns dissolved iron, manganese, and sulfur into solid particles.
- 02 MEDIA FILTRATION**
Those oxidized particles are trapped in a bed of catalytic filter media as the water flows down through the tank.
- 03 CLEAN WATER DELIVERY**
Clear, iron-free, odor-free water rises through the riser tube and flows to every fixture in the home.
- 04 AIR-RECHARGE BACKWASH**
The valve backwashes the bed to drain and draws in a fresh pocket of air. No salt, no chemicals, ever.

THE AIR-INJECTION ADVANTAGE

- **SALT-FREE**
Nothing to refill or store, and no salty backwash going to your septic or yard.
- **CHEMICAL-FREE**
No chlorine or peroxide injection. The oxygen comes from ordinary air.
- **LOW MAINTENANCE**
The bed backwashes and recharges itself on a schedule. Years of hands-off service.

INSIDE THE POSEIDON

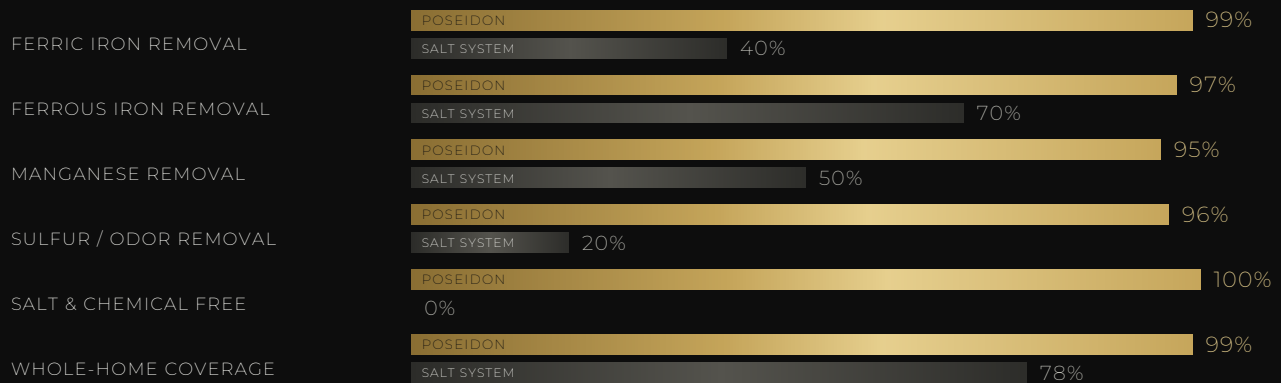

POSEIDON AIR-INJECTION SYSTEM . TECHNICAL CUTAWAY

No Salt. No Compromise.

Most iron systems lean on salt or harsh chemicals. The Poseidon uses only air. Its air-injection oxidation removes both ferric and ferrous iron, plus manganese and the rotten-egg smell of sulfur, with nothing to refill and nothing to store.

POSEIDON vs. A SALT-BASED SYSTEM

WHAT EACH SYSTEM IS BUILT TO HANDLE

Capability comparison based on system design and typical well-water conditions. Actual results vary with water chemistry and sizing.

SYSTEM SPECIFICATIONS

	POSEIDON 10	POSEIDON 12	POSEIDON 13
Tank Dimensions	10" x 54"	12" x 52"	13" x 54"
Ferric Iron	10 ppm	20 ppm	30+ ppm
Ferrous Iron	7 ppm	10 ppm	15 ppm
Manganese	3 ppm	5 ppm	7 ppm
Hydrogen Sulfide	5 ppm	7 ppm	10 ppm
Service Flow Rate	15-23 GPM	15-23 GPM	15-23 GPM
Backwash Control	Electronic		

OPERATING PARAMETERS

pH Range	6.5 - 9.0
Water Temp	40 - 110 F
Iron (Ferric/Ferrous)	30 / 15 ppm
Manganese	up to 7 ppm
Hydrogen Sulfide	up to 10 ppm
Salt Required	None

WHAT POSEIDON TAKES OUT

- Ferric (Oxidized) Iron
- Ferrous (Dissolved) Iron
- Manganese
- Hydrogen Sulfide (Odor)
- Rust Staining
- Metallic & Sulfur Taste

◆ NO SALT, NO CHEMICALS

Runs on nothing but air. No salt to buy or haul, and no chemicals to inject or store.

◆ BOTH FORMS OF IRON

Removes already-oxidized ferric iron and dissolved ferrous iron that softeners leave behind.

Protected for Life.

THE CLEARWAVE WARRANTY

TANK

Lifetime coverage on the pressure vessel. No degradation, no exceptions.

VALVE HEAD

Full coverage on the electronic backwash control valve.

MEDIA

The catalytic oxidizing filter media is warranted for performance.

LABOR

Every service call, every repair, every maintenance visit. Covered.

WHITE-GLOVE CONCIERGE SERVICE

- Professional installation by ClearWave technicians
- Annual system health check and performance verification
- Priority same-day or next-day service response
- Dedicated account manager for all water quality needs
- Direct line to your ClearWave specialist

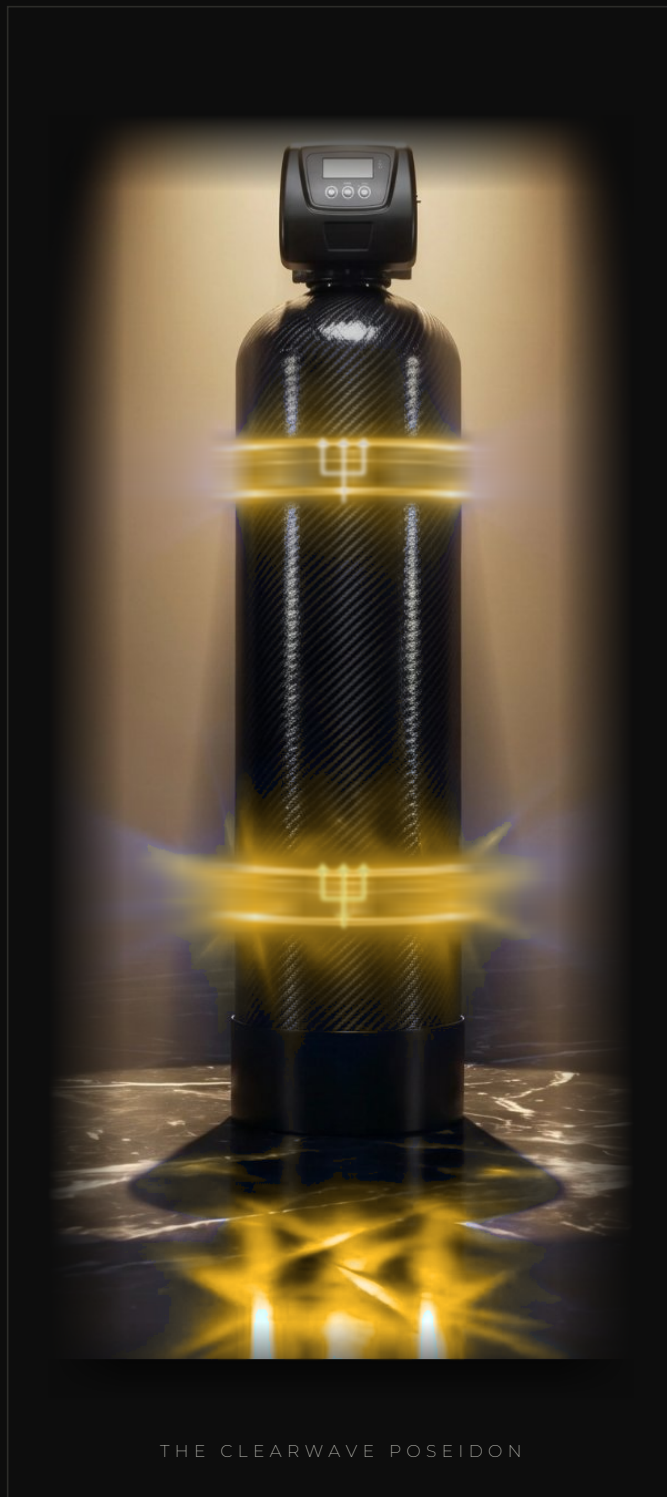

AIR-POWERED | IRON + MANGANESE + SULFUR

The well water system that runs on air.

10 / 12 / 13 inch tanks | Backwash Valve | Lifetime Warranty

VETERAN-OWNED AND OPERATED

ClearWave Water Solutions is proudly veteran-owned and operated. We bring the same discipline, precision, and commitment to excellence that defined our military service to every installation we perform. Your home deserves nothing less.
